

Greater Southwest Washington Dental Hygienists' Society

A component of the Washington Dental Hygienists' Association and the American Dental Hygienists' Association

Small, local group serving college graduates and residents within SW Washington and surrounding areas. Our goal is to provide interesting and relevant community/dental/health related activities and relevant information for our members as well as dental hygiene students at Clark Community College.

Component meetings: We try to meet about two weeks following each state BOT meeting. These are planning meetings, outreach to our members and non-members and CE presentations for all. Meetings are often held at Clark College in the Dental Hygiene Department for convenience. CE is presented on a non-profit platform. Cost is usually \$20 for 2 CE credit hours for members and non-members alike.
