We represent dental hygienists living in Tri-Cities, Walla Walla, Moses Lake, Yakima and the surrounding communities. We promote our association through social activities, and community events. We provide information from the state and national levels, hold component meetings and increase awareness for oral health and access to care. It is our mission to educate the communities we serve that oral health is necessary for overall health and to make oral health accessible to all.

Our component meetings are held the **second Tuesday of every other month** starting in April. Meetings begin at 6:00 pm and usually end by 8:30 pm. We provide a forum for hygienists to come together and learn, meet other hygienists (network), socialize (play) and contribute to their communities. We are also fortunate to have several hygiene students and awesome instructors in our community. I consider this a privilege because it gives us an opportunity to learn and grow together. We are always welcoming new members. Please join us!
