

ADHA Member Directory Instructions

Current ADHA members can access a member directory online.

- Visit <https://mymembership.adha.org/>

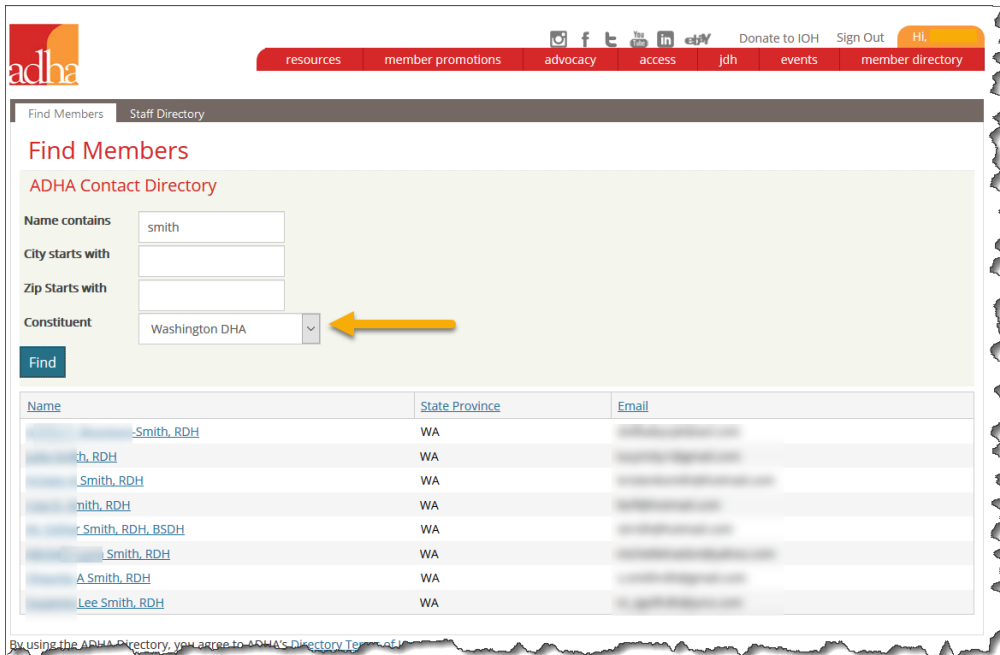

- Once logged in click on member directory.

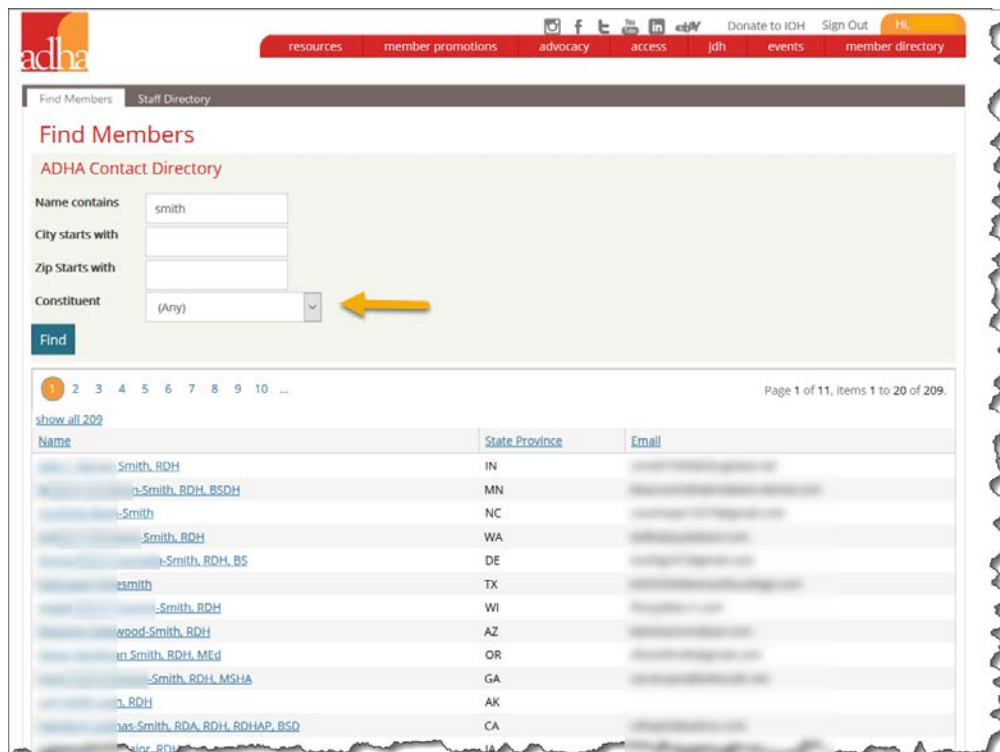

- You can search for members by name (first, last, or full name), city, zip code, or Constituent.

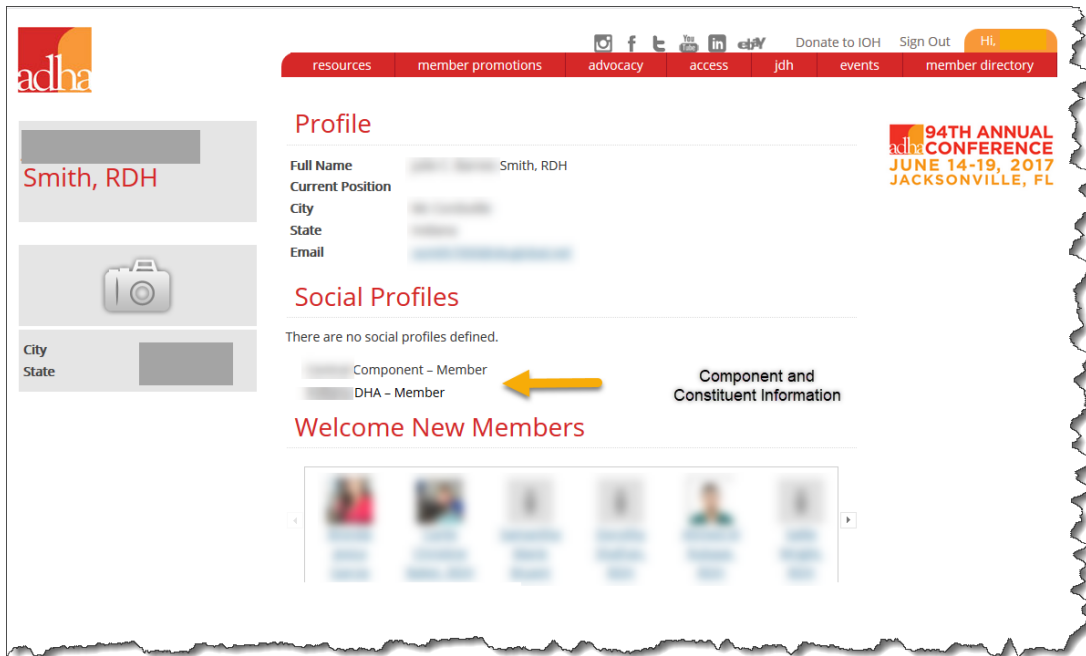

In this example, Washington was selected as the Constituent.

In this screenshot, the Constituent was left as (Any). When searching using this filter all ADHA members matching your criteria will show. If you are looking for a Student Member use the (Any) Constituent option.

- When you click on the member's name you can view their public profile.

Please keep your profile current on the ADHA website.
