This form to be filled out each clinic session.

E= Exceptional    A= Acceptable    I= Needs improvement    U= Standard not met

## **Professional Qualities Standards**

### **Professional Appearance and Conduct:**

Follows dress and professional conduct guidelines as outlined in Dental Hygiene Department Policy and Procedure Manual. Demonstrates integrity in all professional relationships and decisions.

### **Health and Safety:**

Uses Universal Precautions and follows infection control procedures.

### **Time and Resource Management:**

Uses time and resources efficiently and effectively. Accepts responsibility for assigned clients and follows through with assigned duties.

### **Communication:**

Projects competence and confidence visually and verbally. Uses active listening and questioning techniques to support wellness.

### **Records:**

Makes complete, accurate entries in patient records. Obtains all required signatures.

### **Self Responsibilities and Initiative:**

Demonstrates initiative and perseverance. Sets personal goals, which reflect self-evaluation and a commitment to professional development. Is open to feedback and uses it constructively.

### **Team Work:**

Shows respect and support for team members while modeling the role of a dental hygienist. Contributes to the vision and mission of the team.

### **Case Management:**

Plans, sequences, manages and evaluates clinical, educational, behavioral aspects of care to ensure anticipated outcomes.

### **Integration of Knowledge with Clinical Services:**

Makes decisions and gives rationale based on scientific information.

### **Performance of Services:**

Demonstrates clinical skills that are efficient and effective in achieving client outcomes while causing no harm.
