In addition to **the concrete benefits** listed above, as a member you can take advantage of the opportunity to offer your leadership at the local, state or national level when you get involved. Leadership in your professional association makes a wonderful addition to your resume as you develop your leadership skills and it brings personal growth as you move beyond your comfort zone. Leadership brings with it a broader perspective on career and professional issues. Getting involved brings a more global view to the possibilities of the future. Networking with your colleagues is the best way to share new ideas that will improve your services to your patients and increase your exposure to new technologies and techniques. Growth in leadership and working as a team improves your abilities in teamwork and as an employee.

ADHA/WSDHA/Components represent you at all three levels and the possibilities for your input and leadership are unlimited!

ADHA at the national level and **WSDHA** at the state level, both work hard to protect and further option for the profession of dental hygiene. WSDHA emails will bring you updates on legislation of interest in Washington State. **Vocus** gives you direct access to your representatives through email.
